

## Update from Georgia Water Network

### **GWN invites you to a Lunchtime Presentation** **Breach Modeling and Inundation Maps for High Hazard Structures in South Florida**

By Andrew Patceg (PBS&J )

The presentation will begin with an overview of the area draining to and being fed by Lake Okeechobee, the trouble reaches along the Herbert Hoover Dike and some reasons for the concerns with the embankment. Then it will move into the model setup and some of the associated settings and assumptions, as well as some issues encountered in setting up the model. The presentation will conclude with discussing specific setup of a northern and southern model with animations showing the projected floodwater propagation associated with a breach at the structures.

**When:**

**12:00 p.m.**

**Friday, March 7th.**

**Where:**

**GAWP office**

**2121 New Market Parkway SE**

**Marietta, GA**

Lunch will be sponsored by  
**PBS&J**

Please RSVP with:

**Anup Shah** [ashah@brwncald.com](mailto:ashah@brwncald.com)

(770-673-3698) no later than 4:00

p.m. on Friday, February 29th if you

would like to attend.

**We hope to see you there!**

*The Georgia Water Network (GWN) is the young members connection for the Georgia Association of Water Professionals (GAWP). The network is intended for young people in the industry to connect with each other while attending fun and educational events. Please contact Anup Shah ([ashah@brwncald.com](mailto:ashah@brwncald.com)) if you would like more information about this group or if you would like to be removed from the email list.*

## Past Event Update

### ***Introduce A Girl to Engineering***

IAG is a program that introduces young girls in middle school with a strong interest in math and science to the various fields of engineering. This special event rolls into its seventh year bringing together middle school students from around the state of Georgia to interact and learn from established women in the fields of engineering and technology.

- Event was held on Saturday, February 16<sup>th</sup> on the GeorgiaTech Campus in Atlanta.
- More than 300 girls attended this event.
- **Jill Hoffman** (JJ&G), **Tiffany Shaw** (BC) and **Stephanie Hom** (M&E) (L to R in the photo on the right) volunteered at the GAWP booth to represent the Water Industry.
- For more information
